POLYTECHNIC UNIVERSITY OF THE PHILIPPINES — SANTA MARIA BRANCH

Polycheck Seeded Test Accounts Guide

Official Role-Based Access Control (RBAC), Dual-Hat Faculty Designations & Demonstration Directory

Universal Master Credentials:

- **Master Password:** `PolycheckSeed123!` *(or `Polycheck@2026!` on local dev)*
- **Faculty / Admin Login Portal:** `/login/faculty` (Web) or Campus Faculty Screen (Mobile)
- **Student Login Portal:** `/login/student` (Web) or Campus Student Screen (Mobile)
- **Live Production API:** `https://polycheck-api.addtokart.tech/api`

1. Administrative & Dual-Hat Faculty Accounts

In accordance with the PUP Santa Maria concurrent faculty appointment model, instructors hold specialized administrative designations under a single login identity, governed by Separation of Duties (SoD).

Dr. Maria Concepcion Reyes — Super Admin (Branch Director)

SUPER ADMIN

EMAIL ADDRESS	**mcreyes@pup.edu.ph**
DEPARTMENT / SCOPE	Institution-Wide (All Departments)
PRIMARY SURFACE	Institutional Governance Console (`/faculty`)

Capabilities & Permissions:

- Full oversight over all faculty, students, system audit logs, and institutional settings.
- Assigns/revokes faculty designations (`isItCoordinator` , `isDepartmentHead` , `isUserRegistrar`).
- Option A Architecture: Classroom feeds are omitted from sidebar to preserve executive oversight separation.

Prof. Bryan M. Salazar — IT Coordinator / MIS Officer

IT COORDINATOR

EMAIL ADDRESS	**bry.mis@pup.edu.ph**
DEPARTMENT	College of Computer and Information Sciences (CCIS)
APPENDED SUITE	**IT Operations Suite** in faculty navigation

Capabilities & Key Demonstration Steps:

- **Server Status (`/faculty/server-status`):** Live server health metrics, CPU, RAM, active WebSocket subscribers.
- **System Issue Reports (`/faculty/system-reports`):** Triage campus bug reports and inspect student error screenshots.
- **Maintenance Mode (`/faculty/settings?tab=system`):** Can activate campus-wide maintenance mode and set estimated resumption times.

Separation of Duties (SoD): Cannot review academic excuse letters or modify student classroom roster records.

Dr. Corazon B. Aquino — Department Chairperson

DEPARTMENT HEAD

EMAIL ADDRESS	**chair.ccis@pup.edu.ph**
DEPARTMENT SCOPE	College of Computer and Information Sciences (CCIS)
APPENDED SUITE	**Academic Department Oversight** in faculty navigation

Capabilities & Key Demonstration Steps:

- **Department Reports (`/faculty/reports`):** Aggregated attendance summaries across all CCIS professors and sections.
- **Campus Excuses Queue (`/faculty/excuses`):** Adjudicate student absence excuse requests for all CCIS sections.
- **At-Risk Students (`/faculty/at-risk`):** Monitor students falling below the 80% CHED attendance floor.

Separation of Duties (SoD): Scoped strictly to CCIS department; cannot toggle server maintenance mode or access raw server telemetry.

Prof. Ricardo S. Domingo — Campus Registrar

REGISTRAR

EMAIL ADDRESS	**reg.campus@pup.edu.ph**
DEPARTMENT SCOPE	CCIS / Departmental Accounts
APPENDED SUITE	**Registrar Suite** in faculty navigation

Capabilities & Key Demonstration Steps:

- **User Management (`/faculty/users`):** Manage student and faculty accounts in their department.
- **Password Resets:** Generate temporary passwords for students and instructors.
- **Roster CSV Bulk Imports:** Import new section enrollments and student directory batches.

Separation of Duties (SoD): Cannot promote Super Admins or change faculty administrative designations.

Prof. Juan Miguel Dela Cruz / Prof. Maria Elena Santos — Teaching Faculty FACULTY

EMAIL ADDRESSES	**jmdelacruz@pup.edu.ph** / **mesantos@pup.edu.ph**
DEPARTMENT	CCIS (Computer Science & Information Technology)
ROLE INTERFACE	Standard Teaching Workspace (`/faculty`)

Capabilities:

- Classroom subject creation, schedule management, and section configuration.
- Generates cryptographically signed QR codes (In-Person: Geofenced; Online: Zero-GPS dual checkpoints).
- Attendance roster cockpit, manual status override, and student dispute adjudication.

2. Seeded Student Accounts Roster

STUDENT NAME	STUDENT ID	EMAIL ADDRESS	PROGRAM & YEAR	KEY FEATURES TO TEST
Alexandra Marie Reyes	`2024-00001-MN-0`	amreyes@iskolar.pup.edu.ph	BS Computer Science (Year 2)	Meeting PIN input on online scan, Geofence scan, Excuse letters
Benjamin Lucas Santos	`2024-00002-MN-0`	blsantos@iskolar.pup.edu.ph	BS Computer Science (Year 2)	Class schedule timetable, digital ID card flip, disputes
Camille Andrea Villanueva	`2024-00003-MN-0`	cavillanueva@iskolar.pup.edu.ph	BS Computer Science (Year 2)	Enrollment code registration, standing projection alerts
Daniel Joseph Cruz	`2024-00004-MN-0`	djcruz@iskolar.pup.edu.ph	BS Computer Science (Year 2)	Single active session replacement test (logging in on 2nd device)
Erika Mae Gonzales	`2024-00005-MN-0`	emgonzales@iskolar.pup.edu.ph	BS Computer Science (Year 2)	Dual checkpoint online attendance (Check-in + Check-out)
Francis Dominic Reyes	`2024-00006-MN-0`	fdreyes@iskolar.pup.edu.ph	BS Computer Science (Year 2)	Anti-teleportation concurrent class conflict testing
Gabriella Sofia Mendoza	`2024-00007-MN-0`	gsmendoza@iskolar.pup.edu.ph	BS Computer Science (Year 2)	Offline attendance scanning and sync queue preservation
Henry William Tan	`2024-00008-MN-0`	hwtan@iskolar.pup.edu.ph	BS Computer Science (Year 2)	Attendance dispute submission and resolution tracking

4. Recommended Demonstration & Defense Scenarios

> **Scenario 1: Testing Separation of Duties (PUP Santa Maria Alignment)**
>
> Log in as **Prof. Bryan Salazar** (`bry.mis@pup.edu.ph`). Point out the *IT Operations Suite* (Server Status, Issue Reports, Maintenance). Then log in as **Dr. Corazon Aquino** (`chair.ccis@pup.edu.ph`) to demonstrate how the interface switches to *Academic Department Oversight* (Department Reports, Campus Excuses, At-Risk Students).

> **Scenario 2: Institutional Maintenance Mode with Offline Preservation**
>
> As IT Coordinator or Super Admin, navigate to *Settings* → *System Tab* and enable Maintenance Mode. Log in as a student in an incognito window: observe the full-screen branded maintenance overlay with countdown. Meanwhile, demonstrate that offline attendance scans on mobile continue to save safely to SQLite without error.

> **Scenario 3: Zero-GPS Hybrid Mode & Meeting PIN Verification**
>
> As regular faculty (`jmdelacruz@pup.edu.ph`), activate an *Online* session. Note the 4-digit meeting PIN and dual checkpoint buttons (Start QR vs End QR). On student scan, verify that GPS coordinates are never requested (RA 10173 compliance) and the student must enter the meeting PIN to confirm virtual room presence.
